

# If You Love God's Word, You Will Love This New Testament

## Read The NT Again for the First Time!

The *Disciples' Literal New Testament* retains the writing style of the apostles themselves, rather than transforming their Greek ways of writing into an elegant or contemporary English writing style, as has been beautifully done so many times. It sets you free from our artificial 460 year old chapter and verse structure, replacing it with paragraphing that reflects the flow of thought in the original Greek writings. Paragraph headings make that flow of thought explicit to you.

Now you can read the New Testament as the original writers intended it, and see it with a clarity formerly available only to those who could carefully study their Greek New Testament. See the words and phrases that the original writer repeated or emphasized, and many nuances not visible in the polished English translations. See the difference in writing style between Matthew, Mark, Luke and John! Used along with your standard Bible version, you will profit from both methods of translation.

## The DLNT will enable pastors to:

- ◆ Save time in sermon prep by starting with the basic Greek translation and exegesis done so they can concentrate their studies on points of interest rather than reinventing the wheel.

- ◆ Increase their confidence that they are accurately handling the word of truth.

## The DLNT will enable every Bible lover to:

- ◆ Easily grasp the relationship of the whole and the parts of each book with the big-picture overview outlines that use the words of the original author.

- ◆ Gain quick insight into the flow of thought from descriptive paragraph headings that summarize the main point of each paragraph in its context.

- ◆ Visually follow the apostles' thinking because the 'Intelligent Paragraphing' visually displays their main and subordinate thoughts.

- ◆ Escape the hindrance to our understanding caused by our artificial chapter and verse structure with paragraphing based on the Greek writings.

- ◆ More fully appreciate the minds and thinking patterns and intent of the original writers because the translation corresponds more closely to their words and their grammar and their sentence structure.

- ◆ Deepen and expand their understanding of the New Testament by meditating on the notes containing alternative renderings, explanations of what is being said, and different views of the meaning.
